

2020 Off-Season: Winter 2 Golf Clinics

Combined Beginner & Intermediate Levels - COED
Class Size 6:1 Student / Instructor Ratio

When daylight hours are short and the temperature drops, it is not the time to put your golf clubs away. By working on the most important parts of the swing, it can improve how consistent you swing and how well you make contact with the ball come Springtime. Group clinics are a great way to keep up with your game for next spring and have fun too. We have designed the off-season program for the beginner golfer as well as the intermediate player who wants to improve their swing mechanics inside this off-season. In fact, it can be easier to work on your grip, posture, turning, weight shift, wrist hinge and more while eliminating the pressures of scoring or the worry of where the ball goes on the golf course. Let us show you how...you will ultimately hit the ball better, farther, and more consistently and have a lot more fun when you get back out on the course!

Adult & Junior Off-Season Clinic Schedules

- The off-season Winter 2 Program schedule will begin the week of February 25, 2020.
- Students should enroll in the program time that best suits their schedule for the full series or call to create a group of your own with 4 or more students at a time that works for you.
- The off-season Winter 2 Program is a six-week series and topics will be taught in succession.
- All clinics are 1 hour in length.
- Classes will take place indoors at the Learning Center located on the driving range or at the Applecross Fitness Center in the workout room. If the weather cooperates, we will meet on the driving range. You will be notified via text that day of the class location so you must register.
- Class times are subject to change slightly as temperature and daylight hours change.
