### 2024 Golf Season: Summer 2 Clinics

Combined Beginner & Intermediate Levels - COED Class Size ~6:1 Student / Instructor Ratio

Group clinics are a great way to learn to play golf, keep up with your game and have fun too. We have designed our clinic series for the beginner golfer as well as the intermediate player who wants to improve their swing mechanics this golf season. By working on the most important parts of the swing, it can improve how well you make contact with the ball and how consistent you are when you play. You will hit the ball better, farther, and more consistently and ultimately have more fun when you get out on the course. Let us show you how!

### **Summer 2 Clinic Schedule**

- The 2024 Summer 2 Series will run for 6 weeks beginning July 20<sup>th</sup>.
- Students should enroll in the full program when it best suits your schedule for the complete 6-week series, or you can call to create a group of your own with 4 or more students at a time that works for you.
- The Junior and Little Linkster Clinic programs are designed as a 6-week series with lesson topics taught in sequence.
